

MANUFACTURERS WE REPRESENT

Pneumatic Valves

Contactors, Starters, Motor Overload Protection, Relays, Power Supplies, Transformers, Circuit Breakers, Disconnect Switches

Tubing & Fittings (Brass), Pneumatic Valves

Air Cylinders, Solenoid Valves, Rotary Index Tables

Air-Driven Diaphragm Pumps for Pumping Liquids

Pneumatic Actuators, Valves & Grippers, Shock Absorbers, Air Preparation (FRLs), Pressure Switches, Tubing & Fittings

Vacuum Pumps, Regenerative Blowers, Compressor Systems

Vacuum Pumps & Compressors Including Complete Systems

Pneumatic Valves

Electric AC and DC Motors

Stainless Steel Pneumatic Fittings

Safety, Relief, Check Valves

Pneumatic Regulators, IP/EP Transducers, Diaphragm Air Cylinders

Sensors, Vision Systems, Light Curtains, Bar Code Readers

Vacuum Pumps

Pneumatic Cylinders, Linear Slides, Rotary Actuators & Valves, Air Preparation (FRLs)

Solenoid Valves & Systems

Air Compressors, Vacuum Pumps, Air Motors, Blowers, Vacuum Generators

Proportional, Pneumatic, and Liquid Valves

Linear Diaphragm Blowers, Compressors, and Vacuum Pumps

Pneumatic, Electric, and Hydraulic Actuators, Pneumatic Valves, Air Preparation (FRLs)

Air Preparation (FRLs), Directional Control Valves, Electric Actuators, Tubing & Fittings, Fluid Control Valves, Pneumatic Actuators & Valves, Safety Valves, Vacuum Generators

Oil Free Compressors and Systems

High Flow Regulators, Proportional Valves and Mass Flow Controllers, Flow and Pressure Measurement

Pneumatic & Electric Actuators, Pneumatic Valves, Air Preparation (FRLs), Sensors & Switches, Shock Absorbers, Liquid Valves, Static Control Ionizers

Motor Control, Control & Signalling, Circuit Protection, Automation & Control, Energy Management

Storage Tanks

Aluminum Extrusion, Barrier Guarding, Enclosures

Vacuum Pumps & Boosters

Vacuum Pumps

Touchscreens, HMIs

Compressed Air & Vacuum Filtration, Air Dryers, Industrial Nitrogen Generators

Nitrogen, Hydrogen, Zero Air, Dry Air Generators For Lab Instrumentation

Nitrogen Generators

Hydraulic & Pneumatic Cylinders

Tubing & Fittings, Pneumatic Valves, Vacuum Generators, Air Preparation (FRLs), Grippers

Rotary Screw & Piston Air Compressors, Vacuum Pumps & Air Treatment

Blowers & Vacuum Pumps

Enclosures

Fluid Power Safety Valves

Rotary Actuators

Liquid Pumps, Air Boosters, Gas Boosters, High Pressure Valves

Stainless Steel Tube, Pipe, Instrumentation Fittings & Tubing

Electric Cylinders & Grippers, Linear Rotary Actuators, Encoders, Controllers, High Torque Brushless DC Motors

Industrial Filters, Traps & Silencers

Vacuum Lifting Systems

Touchscreen, HMI with PLC Embedded

BRENNER-FIEDLER

CUSTOM SOLUTIONS FOR AUTOMATION, PNEUMATIC & OEM NEEDS

LINE CARD

AT BRENNER-FIEDLER, YOUR NEEDS ARE OUR PRIORITY.

Partnering with leading industry manufacturers to engineer custom solutions for your OEM applications since 1948.

INDUSTRIES WE SERVE

- Food & Beverage
- Medical
- Oil & Gas
- Aerospace
- Water & Wastewater
- Energy & Building Services
- Packaging
- Transportation
- Consumer Goods
- Semiconductor
- Automotive
- Electronics
- General Industrial
- Academic / Universities
- Irrigation
- Breweries / Wineries / Vintners
- And More

SOLUTIONS WE OFFER

- OEM Builds & Assemblies
- Panel Builds (UL508A Certified)
- Nitrogen / Hydrogen / Zero Air Generators
- Custom Painting & Coating
- Material Handling & Packaging
- Robots / Cobots / Pick & Place
- Safety Fencing & Barriers
- Hydraulic Power Presses
- Custom Sub-Assemblies
- Contract Manufacturing
- Plug & Play Builds
- Product Development
- System Design & Integration
- Aluminum Extrusion Builds
- Custom Enclosures
- Kitting & Bagging
- Custom Modifications

QUALITY WE DELIVER

- Unparalleled Service
- Innovation
- Reliability
- Affordability
- Enhanced Productivity
- Stock For You
- Engineering & Design Collaboration
- Technical Support
- Top Supplier Relationships

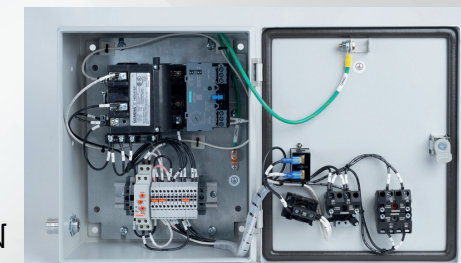

SAFETY FENCING AND BARRIERS

CUSTOM BUILDS AND ASSEMBLIES

ALUMINUM EXTRUSION BUILDS

CUSTOM PANEL BUILDS

CUSTOM PAINTING AND COATING

Brenner-Fiedler is recognized as a service leader, driving innovation, and propelling the future of manufacturing.

Consider us an extension of your team, working together on custom solutions to help you operate more efficiently and competitively.
